 Karachi Division

## SUMMARY

Computer Science student focused on programming and software development. With a strong interest in AI, Cyber Security, Full Stack Development.

## EXPERIENCE

11/2023 - Present  
Karachi Division, Sindh, Pakistan

Frontend Developer  
Upwork

- I connect with clients to deliver top-notch front-end web development services, transforming ideas into polished, functional websites.
- Successfully tackled a range of projects, including personal blogs, small business websites, and interactive web applications.
- Designed and developed custom features that enhanced the look and functionality of clients' sites.
- Earned positive feedback for clear communication and reliable work delivery.

08/2024 - 09/2024  
Karāchi, Sindh, Pakistan

Frontend Developer  
YoungDev Intern

- This experience provided valuable insights into front-end development and remote work, and I'm excited to apply my new skills to future projects.
- Completed a one-month remote internship at YoungDev as a Frontend Developer
- Gained hands-on experience in developing user interfaces and web technologies
- Acquired valuable insights into front-end development and remote work
- Excited to apply new skills to future projects
